

Aria, San Lorenzo 100

Aria, San Lorenzo 100

ARIA is a SanLorenzo SL100, originally launched in 1998. However, a full Interiors and Exteriors Refit and engine room overhaul was performed in 2011 by the original building shipyard of San Lorenzo in Ameglia, Italy. For further information and pictures: www.myaria.it

The San Lorenzo SL100 develops on three decks, combining the style of the best Italian design with lightly colored and restful interiors and the possibility of cruising at 24 knots along the Italian and French coastline.

Presented to the charter market in 2011, ARIA is building her reputation thanks to having been totally refitted by the San Lorenzo shipyard itself with state-of-the-art technology, safety equipment and entertainment equipment and, thanks to her extremely professional Italian crew of five, committed to offering five star cuisine and service.

ARIA's guests will surely find a place suitable for every one of their moods as the yacht offers plenty of living space both outside and inside, including a very quiet study on the main deck. ARIA offers accommodation for up to 8 guests (+1 child) in 4 cabins, all with en-suite facilities. ARIA is a perfect yacht for both family or business occasions, with excellent indoor and outdoor leisure areas.

8 Guests
Crew of 5
