

Victoria to Victoria 7 Days

SEVEN DAYS LUXURY YACHT CHARTER CRUISING FROM VICTORIA TO VICTORIA

Day 1: Victoria

Before embarking your yacht take a little time explore Eden Island, which is home to a number of resorts. Enjoy a mouthwatering, authentic bite to eat at one of the family-run establishments before exploring some of Kenwyn House's unique boutiques. Take a trip through the lovely botanical gardens to see some local flora and fauna before returning to the harbor. Spend your first evening in the Seychelles at a waterfront restaurant or on the deck of your luxury charter yacht, taking in the breathtaking ocean sunset.

Day 2: St Anne

St Anne, you will encounter incredible levels of unspoiled natural beauty as a major participant in the St. Anne Marine National Park. When you first arrive, the lush rainforest urges you to explore, along the clearly indicated pathways, look up and about to spot local wildlife. Then, head down to the ocean for a picnic on the sand. It's time for your first dive of the vacation, which makes it a breeze to escape the heat of the rainforest. Enter the world below the waves to observe a variety of reef fish and rays since the waters here are teeming with life. There is a potential to see octopus, reef sharks, and perhaps even sea turtles in addition to the fish and rays you may have already encountered today. To top off your day in this stunning location, head up to the deck of the yacht for a seafood dinner served with champagne or some locally inspired cocktails.

Day 3: Praslin

The morning will be spent going on a hike through the thick jungle after an energizing breakfast on board your yacht. Explore the area, which is protected by its designation as a World Heritage Site.

Return onboard for food and drinks after having a brief pause at this UNESCO site. After an active morning, why not carry on the theme of the day and get out the water sports equipment as the afternoon approaches? With a camera attached, you can capture some amazing footage of your unforgettable day in the Seychelles while kiteboarding, which will give you a distinctive perspective of Praslin.

Day 4: La Digue

Visit one of the island's vanilla plantations as your first stop of the day. One of the island's principal exports is vanilla, which lends the region a lovely fragrance. As you have a tour of the plantation and get a chance to sample some of the product, inhale the tempting smell. The villagers are welcoming and eager to share their way of life and the goods they can make with ingredients they can find nearby with visitors. Take a break from shopping to enjoy a quick lunch at one of the family-run restaurants and sample some of the specialties. Enjoy a superb Michelin-style dinner on board your vessel for the remainder of the evening, followed by beverages and starry skies.

Day 5: Desroches

You may have an amazing day on this island, but the seas can get a little rocky and there is no shelter from the wind. Get into your diving gear and explore the spectacular reefs that adorn the island of Desroches. The coast is covered in beautiful corals. Keep a look out for larger guests like rays and reef sharks while observing the hundreds of fish darting in and out of the rock formations. There is a little fishing resort with a few facilities you can use. If you plan to spend some time tanning, use the sun loungers if you don't feel like lying on the sand. After drying off in the sun and sipping on some different beverages, head back to your yacht for some spa time and therapeutic treatments.

Day 6: St Joseph

The majority of the day will be spent in the water, but if you're up for some heart-pounding excitement, there will be plenty of time to get out the water toys. Dive in the lagoon first thing in the morning to view the plethora of aquatic life that calls this place home. To get some amazing underwater footage, keep your wits about you since little breeds of sharks and rays frequent this area. A few sandy islets surround the lagoon of St. Joseph, which is two miles wide. After your dive, relax with a quick lunch on one of the islands before getting back in the water or getting the toys out. Unwind with feast of a beach barbeque with cushions, throws and an unbeatable sunset over the Indian Ocean.

Day 7: Victoria

As the last full day onboard it's unfortunately also the last chance to make the most of diving, snorkelling and exploring the waters surrounding and lay on the beach for a last tan top up. Alternatively, after a leisurely lunch on board go in to the town to do some shopping and pick up souvenirs for family and friends. Spend the rest of the afternoon tasting delicious canapes, cocktails, swimming and sunbathing. As the day comes to an end and the sun sets of the beautiful Seychelles.

Disembarkation the next day in Victoria
